Introduction

The following information has been compiled to properly determine progress gained by the Jefferson County Sheriff's Office during the past year. This information may be used to determine projections in crime, agency strengths, weaknesses, and manpower projections. This report will also be used as an aid to help analyze budget projections and financial expenditures.

One consideration when comparing the statistics presented is that often crimes reported are re-categorized during the police investigation or during criminal prosecution. Thus, the reported number does not always correspond to the number of crimes tabulated. Also, the different units inside the agency may clear the case without assistance. The reported numbers may vary from unit to unit inside the agency.

Should you have any questions concerning this report, please feel free to contact our Director of Support Services, Dawn Davison, at the Jefferson County Sheriff's Office, at 636-797-5585 or ddavison@jeffcomo.org.

EMPLOYEE BREAKDOWN

The number of employees will affect how the Jefferson County Sheriff's Office conducts daily operations. Manpower shortages can affect response time for calls for service, administrative assistance delays, and create overtime.

The following reflects the number of employees at the end of each year.

CALEA

The Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA), was created in 1979 as a credentialing authority through the joint efforts of law enforcement's major executive associations. The CALEA Accreditation program seals are reserved for use by those public safety agencies that have demonstrated compliance with CALEA Standards and have been awarded CALEA Accreditation by the Commission. The CALEA's law enforcement's major executive associations are as follows:

- International Association of Chiefs of Police (IACP)
- National Organization of Black Law Enforcement Executives (NOBLE)
- National Sheriffs' Association (NSA)
- Police Executive Research Forum (PERF)

CALEA accreditation embodies the following concepts on striving to pursue professional excellence:

- Increased Community Advocacy
- Staunch Support from Government Officials
- Stronger Defense Against Civil Litigations
- Reduced Risk and Liability Exposure
- Greater Accountability within the Agency

The CALEA accreditation process recognizes professional excellence through commitment from all levels of a Law Enforcement organization. The Jefferson County Sheriff's Office successfully completed the inspection process and was recommended for accreditation by the CALEA inspectors. In March 2005, the agency was awarded its advanced accreditation by CALEA Accreditation and is an ongoing process that requires re-inspection by CALEA assessors every four (4) years with a remote review of selected files by CALEA yearly. During those years, audits and inspections are continually handled to ensure the Jefferson County Sheriff's Office is maintaining their prestigious status of being accredited. The CALEA Commission has re-accredited the Jefferson County Sheriff's Office in 2008, 2011, 2014, 2017. Additionally, the Jefferson County Sheriff's Office was the first Sheriff's Office in the State of Missouri to be CALEA Accredited.

The 461 CALEA standards must have some type of proof for each standard, for each of the 4-year cycles, which are 2021, 2022, 2023 and 2024. The proofs must be provided by the entire agency for each of these years. Some standards have multiple proofs, for each of the four (4) years.

The Jefferson County Sheriff's Office and CALEA assessors conducted a virtual online assessment in November 2020 for the Jefferson County Sheriff's Office to receive our fifth and most recent re-accreditation. The virtual online assessment was conducted due to the global COVID-19 pandemic. The re-accreditation was awarded to Sheriff Marshak through a virtual ceremony, in March 2021.

The next remote assessment will be the week of March 17-25, 2023. The Jefferson County Sheriff's Office is scheduled for the next on-site inspection in November 2024.

RECORDS UNIT

Statistical data comparison of the Records Unit, for the last two calendar years. The Records Unit processes requests for reports, background checks, and fingerprints daily.

Records Unit	2021	2022	Percentage Difference
Reports/Records	445	523	18%

Total	6,339	6,106	-4%

The total number of active warrants on file as of December 31, 2022, was 16366. This represents the calculated total number of warrants on file from 2002–2022.

EVIDENCE UNIT

Statistical data comparison of the Evidence Unit, for the last two calendar years:

Evidence Unit	2021	2022	Percentage Difference
Case Log Processed	2,191	2,254	3%
Items Processed	4,136	4,127	-0.2%
Items Destroyed	170	15,796	∞
MSHP Lab Visits	24	24	0

Medication Destroyed (Prescription Take-Back Program)	226 lbs.	358 lbs.	58%

The evidence cases processed indicates each file only and not the amount of evidence processed by the evidence division associated with each file.

CONCEAL CARRY PERMITS

Statistical data comparison of CCW Permits, for the last two calendar years:

CCW Unit	2021	2022	Percentage Difference
New CCW Applications	789	400	-49%
Total Approved	778	393	-49%
Total Denied	11	7	-36%
Renewal of CCW Permits	2,603	304	-88%
Total Approved	2,598	304	-88%
Total Denied / Revoked	5	0	-100%
Statewide Instructors	25	20	-20%
CCW Permits Replaced	56	70	25%
CCW Fees Collects	\$225,330	\$59,310	-73%

Missouri became a constitutional carry state in 2017, therefore an individual does not need a permit to conceal carry or open carry a firearm, this has clearly impacted the number of renewals as well as new permits. Many holders of a Missouri CCW permit have chosen not to renew since the change in law.

The JCMEG has placed particular focus on the more extensive DTOs (Drug Trafficking Organizations) and hotel/motel drug trafficking. This focus can attribute both a decrease and increase in the JCMEG statistical numbers. While the more extensive DTO's contribute to the large amounts of illegal drugs being seized, it can also cause a negative effect in some areas due to the longer investigation time being conducted with DTO cases.

SHERIFF'S CITIZEN ACADEMY

The first Sheriff's Citizen Academy was established in September of 1998, since its inception there have been 42 graduating classes.

The Sheriff's Citizen Academy allows citizens an insight into some of the duties of a Jefferson County Sheriff's Deputy. This twelve-week class meets once a week for a three-hour period. Instructors are current command level officers and/or officers specializing in a particular field.

During the academy, citizens are introduced to various topics to include administrative functions, community relations, special operations, methods of investigation, specialty fields, use of force scenarios, and uniform patrol responsibilities. Tours are also incorporated into this twelve-week course. Graduates of the Sheriff's Citizen Academy always seem to enjoy the "ride-along" with a Deputy and participating in firearms training by using the firearms simulator.

After graduation graduates may join the S.A.V.E. (see related section for further information) organization and volunteer their services if they wish.

To request enrollment into the Sheriff's Citizen Academy, citizens may contact the Sheriff's Office at 636-797-5028 for an application. Classes are normally offered twice a year and are kept small for better hands-on and class participation.

In 2022 there were two (2) Citizen's Academy Class conducted.

SHERIFF'S ALUMNI VOLUNTEER ECHELON
(S.A.V.E.)

The Sheriff's Alumni Volunteer Echelon (S.A.V.E.) volunteers have assisted the Sheriff's Office in various community events throughout the year. The members have been trained in the basic functions of community relations and contribute valuable man-hours in child fingerprinting, sewing, filing, and DWI impact panel.

Statistical data comparison of the Sheriff's Alumni Volunteer Echelon (S.A.V.E.), for the last two calendar years:

SCHOOL RESOURCE OFFICER

In 2022 the Jefferson County Sheriff’s Office continued to work in concert with several school districts, within the County of Jefferson, to provide School Resource Officers to work within the schools.

There are six school districts participating with a total of eight deputies. The participating schools, at year end are as follows:

School District	Officers Assigned
Northwest High School	1
Northwest Valley Middle School Woodridge R-1	1
DeSoto High School	1
Jefferson R-7 Middle School	1
Windsor C-1 Campus	1
Seckman C6 High School	1
Athena Elementary (Desoto)	1

Traffic Citations	13	58	346%

Funding for the assigned deputies is provided in part by the Sheriff's Office (during months without classes) and by the respective School District (during months when classes are present).

The SRO Program utilizes a "Triad-Approach" wherein the officer functions in three capacities: Law Enforcement Officer, Teacher/Mentor (focusing on law-related education) and Informal Counselor. In doing so, the program is designed to facilitate a positive relationship between law enforcement and youth, as well faculty, through established lines of communication, increased positive presence and community outreach.

The S.R.O.s have attended active shooter trainings as well as classes focusing on mental health/de-escalation/crisis intervention. This has made them more aware of many of the mental health considerations, related to adolescents, and the appropriate actions best suited in response.
